# Mat Cutting And Calculations (How To Frame Book 1)

## Synopsis

Like to learn how to frame your own pictures? In this volume of the How to Frame series "Mat Cutting and Calculations" you will learn the basic techniques for cutting picture frame mats, how to size picture frames and how to mount and hinge pictures correctly. The choices of color and proportion are explored and the necessary calculations are explained in detail. The instructor, David Schummy is a qualified picture framer who has trained both professionals and hobby picture framers since 1991. This book will make it easy for you to get started with picture framing at home.

## Customer Reviews

I found the book to not be detailed enough. I am disappointed. I got more out of searching forums and watching YouTube.com. I do not recommend this book.

This is a very good book for those people who want to know what to do if Mat Boards and what to use.
