Customer Reviews

I love this book. It's an honor to read it and behold very rare treasures of the wine world. This book broadened my horizons about wines I didn't know about. The thing I love most is the author recommends great vintage years of each wine that are not impossible to acquire. So the reader may not be able to find a 1945 Petrus but for sure they could find and buy a 2005. This books theme is about searching for the possibilities in the things you love most. THE WINE!

For those who are fascinated with wine like I am. For those who are captured by the mystery of wine; this book is indispensable!!! Run, don't walk to get this book! Very well written and greatly documented. I salivate over a book like this; the pictures are stunning and every wine is thoroughly investigated! What a dream to have a cellar of this quantity and quality. This is something that only the most serious wine aficionados will understand and appreciate; don't miss this great book. You will not be disappointed!!!
