Customer Reviews

I love the fact you can make so much with Crochet. What better than making baskets to use around your house. You can make them as gifts for family and friends. The book is full of designs that are beautiful and useful at the same time. There is a beautiful Lacy Elegance set that is designed for the bathroom. It would be fantastic as part of a gift for a family member or friend. Each of the designs is completely different and could be tailored to any decor. I love the fact there are even designs that would be perfect for a children's bedroom. Each of the patterns are in written format but charts are also supplied. The patterns are of varying skill levels. Everyone from a beginner up can make at least one of the designs. I am making one of them for my yarn at the moment. How perfect, storing yarn in a yarn basket. The pattern is really easy to follow and quick to make up.

The directions are clear & easy to understand. Nice pictures. Good projects.

Fun baskets, easy to read patterns

Had trouble with square basket but going to try the oval when my yarn comes this week. Prefer thicker yarn for baskets

thank you it is just what I wanted
