Customer Reviews

Handy book. Mostly records...which is what we needed it for. Excellent condition as stated. Fast shipping. Proving to be quite useful .

This book is filled with great information about Elvis' music and other memorabilia. I bought mine at Graceland in 1999 and after seeing the current prices, I'm glad I did. It is a treasure trove of trivia and details about the great variety of music that was published when Elvis was alive and in the years following his death.

The book is everything I need to be an Elvis fan and to be able to find anything I need to reference. I am totally pleased.

Just what I wanted and for a great price
