## Customer Reviews

I gave this as a gift to someone who likes cat's-eye marbles in particular and misses the set they had in childhood. I haven't seen the book myself, but they called to tell me they love it and said it has gorgeous, large photos that will make it easy to identify their current collection.

I was able to sort and classify ALL of my hundreds of cat's-eye marbles using this book! If you collect cat's-eye marbles I suggest you buy this book like I did.

Best cateye guide available. As a collector, you can't be without it.

great book
