# Air Fryer Cookbook: Delicious And Favorite Recipes - Pictures Are Taken By Hand (Air Fryer Recipe Book, Air Fryer Cooking, Air Fryer Oven, Air Fryer Baking, Air Fryer Book, Air Frying Cookbook)

## Synopsis

ALL RECIPES IN U.S. MEASUREMENTS AND RECIPE PICTURES ARE TAKEN BY HAND. ALL RECIPES ARE TESTED! BONUS INCLUDED: 101 DEEP FRYING RECIPES AND DEEP FRY TO AIR FRY CONVERSION SHEET

Air Frying is becoming a new trend. It's not only because it's a healthy way of frying, but also because it's fast and easy to use and clean.. This book contains lots of my favorite air fryer recipes and all the recipes require less than 40 minutes to make. This is one of the most valuable Air fryer cookbook. It Includes high quality tested and personally picked air fryer recipes. The recipes contained in this book is very simple and easy to follow.

What is the difference of the recipes of this air fryer cookbook from other air fryer cookbooks:

1. All the recipes are tested instead of coping other recipes , tips provided for cooking
2. Contains Pictures for all our air fryer healthy living recipes.
3. All the pictures are specifically taken for the recipe, NOT FROM STOCK PHOTO.
4. Satisfaction Guarantee: we offer 7 days no question asked refund policy.

High Quality Recipes, including secret recipes.

## **Customer Reviews**

I just got the cookbook and the recipes so far look great. However, the author does something for just about every recipe involving marinating that makes no sense. She has you preheating your air fryer and THEN marinating your food for whatever period of time, which is always wayyy longer than the typical 3 minute warm-up time of an air fryer. I only mention this for the benefit of new cooks or new air fryer cooks. About 3 minutes before your marination period is over, THEN turn on the air fryer and warm it up for 3 minutes.

Air fryer recipes are always delicious and this book has given us another amazing way to enjoy more recipes. The book contains a handful guide that will provide you with all the assistance you need to make a great recipe and enjoy. I am really wowed by the recipes provided in this book and I must say that the author has really given us wonderful recipes to enjoy. The best part is that they are very fast to prepare and also very healthy.

The Air Fryer is a modern kitchen appliance that is basically designed to make your favorite deep-fried foods a whole lot healthier. I've recently replace my deep fryer with this Air Fryer and I'm glad I did that. This eBook will introduce you to the newest "must haves" kitchen appliance as of today. A brief explanation on what Hot Air frying is and discover the benefits you can get from using this. A great guide on the types of food for hot air frying. Learn and understand the functions of every basic parts and accessories of this device. A step-by-step guide on the basic operation of this kitchen appliance are also provided in this eBook. The best part about this eBook are the simple but delicious recipes that are included in this eBook. The directions for each recipes are easy to follow which made it really handy for us new users. Highly recommended!!!

This is the first book I have read about Air Fryer, and I must say that I was surprised at what it can

do. And if one has this amazing kitchen help, it also proper that he has this Air Fryer Cookbook for all the delicious and healthy recipes that can be done using it. And this book has given so much info about Air Fryer that readers will find useful and handy. would highly recommended to read this book everyone. I loved that book.

Awesome cookbook. I recently got an air fryer and have been seeking out recipes ever since. Everything I made so far has been delicious. A welcome addition to my recipe book collection. This cookbook is just so perfect for me as almost all the recipes it contained are my favorite. The images helped me to get an idea of what my dish should look like. Recommending to everyone.

I wish there are more recipes that are included but aside from that everything is good. It has many delicious recipes which are easy to prepare. In this book are showing a lot of recipes for those people who are eating healthy and those who want to eat healthy. There are many dishes in this book that I would never have thought to cook, but now I'm ready to give it a shot.

This cookbook book gives you all the resources that you need in order to start taking full advantage of your new air fryer (or your soon-to-be new air fryer). This book is packed with delicious recipes, and covers everything from the benefits of using an air fryer to how to troubleshoot a malfunctioning air fryer. fantastic snack recipes! Much, much more

I did not find this book particularly interesting compared to other air fryer books out there. Also lots of English misspelled words. Most recipes can be found in other books that offer more varied recipes.
