Scott Specialized Catalogue United States Stamps & Covers 2006, 84th Edition

Synopsis

Activity for high-end material propels the market in 2006 Scott Specialized Catalogue. A thorough review of U.S. stamp values has led to adjustments for thousands of items throughout the catalogue. While activity for the high end material was robust, values for fine, fine-very fine and even very fine stamps remains fairly steady. Selected classic issues, especially unused stamps with original gum, continue to gain in value.

Book Information

Paperback: 940 pages

Publisher: Scott Publishing; 1st edition (October 7, 2005)

Customer Reviews

THIS IS A GREAT CATALOG TO HAVE FOR A UNITED STATES STAMP COLLECTOR. THE PRICE THROUGH .COM WAS UNBEATABLE, PLUS I GOT FREE DELIVERY AND IT WAS WITHIN 5 DAYS AT MY DOORSTEP.

There is no finer anywhere, period. Blows away Brookman's and the one put out by the USPO.

This had been a library book and very well cared for. Cover edges taped to protect them. If you are looking at an older collection you do not need to spend the money for a 2013 or 2012 Scott's Catalogue. The information on the earlier stamps does change and you can save a great deal of money.

This book showed me all the current values for my collection through mid 2005 though it does not

contain all the stamp issues for 2005. It is very helpful in rating the pricing/bid values on ebay as well.

Purchase process was excellent, product new and received rapidly, so experience (seller +) for this purchase was overall a 5. [Note: Unfortunately, the printers had to give a corrective insert because they couldn't print the catalog correctly.]

Bought this for the love of my lifeShe is checking out some stamps that I inheritedShe says it rates four stars, so I won't argue with herShe says that it was worth the money that I spent but that it needed more pictures

the Scott Specialized Catalogue of United States Stamps and Covers is the best there is. Be sure, however, to buy the latest edition.
