Customer Reviews

An editor was very much needed, it was hard to follow, there were auto corrects that made have to read again to figure out what was going on, and, a few well placed commas would have done wonders. Loved the information trying to be shared but just so hard to read.

There is some good advice, a lot of it is common sense but it is that way with any book like this. Some things are just going to be more obvious to some people. However, it can be a bit hard to read as it needs thorough editing. I appreciate the author taking the time to share his expertise.

Good book for a beginner in Thrift Store merchandising. Very easy to understand and examples are appropriate about profit margin and keeping inventory. Excellent reminders of pitfalls in most

explanations. It was as I said, for a beginner. More about fees for eBay & would have been more helpful to beginners to help realize how much of a true profit you would have.

Some interesting Info if u can get thru atrocious spelling and and sentence structure! Ugh did this guy finish the third grade??
